System and Unit Test Report
SOS MarineVP
12/2/19

Scenario:
A. User story 2 from sprint 4: As a marine organization, I want to access a list of all current reports that have been made in chronological order.
B. User story 2 from sprint 2: As a marine organization, I want to be able to log in to my organization's account and see a page where standings could be listed.

1. Start SOS app; select 'Login'; type
   - Email = <sosmobileteam@gmail.com>
   - Password = <115_m@Ngo!>

3. Press 'login'
4. Once logged in, select 'View Reports'
5. User should see list of all previous reports on FireBase sorted by upload date and be able to see description, time stamp, and thumbnail picture that was uploaded by user.
6. Click on a specific report in order to view more details about it
7. Swipe from left side of screen to middle to view other reports

Scenario:

A. User story 1 from sprint 1: As a user, I want to report when I find a marine mammal stranding with a GPS location.
B. User story 6 from sprint 3: As a user, I want to be able to include a photo in my report.
C. User story 7 from sprint 3: As a user, I want to be able to include a long multiline text description in my report.
1.Start SOS app; select 'Report Stranding'
2.Drop Pin at desired location
3. Select 'report'
4.Press on TextView, wait for keyboard to pop up
5.Enter information as desired and press done to dismiss keyboard
6.Press 'Next'
7.Press Placeholder image if on phone, if on simulator, press 'Add Photo to Report'
9. Press 'Next'
10.After confirming input data, Press 'Select Report'
11.Return home by pressing 'home'
